

CASMIRECHO

1949

Dedication

We, the Senior Class of 1949, dedicate with heartfelt admiration and profound gratitude this volume of the Casmirecho to the Felician Sisters in commemoration of their Diamond Jubilee.

From the establishment of Saint Casimir parish the Felician Sisters have endeavored with great zeal and untiring efforts to guide and instruct us along our path of life.

Their impetus and encouragement brought forth intellectual, spiritual, and social leaders into society in various phases of life.

May Our Lord bless and protect our teachers who so lovingly directed our tender years and hovered over our footsteps. It is to the Felician Sisters, our teachers and our friends, that we express our deepest appreciation. They, not only in a just and sincerely persuasive manner, presented and explained Catholic truth but were examples of true Christian fortitude to each and every one of us.

To those who may in years to come thumb these pages, we hope it will bring a reverend thought of days gone by.

To Jesus through Mary

We pray dear Mother of God, that the indescribable beauty and the glow-white purity of your own Immaculate Heart may so captivate our souls that we will detest all sin and dedicate our lives to the honor of the God who created us.

Harkening to the tolls of the September bell, ambitious seniors venture to climb the last steps of their high school career.

In Sociology class the Seniors acquire a better understanding of human relations. They realize that a good sound social living depends upon religion.

— + —

The knowledge of American Government provides the students with a broader viewpoint of American ideals of life. A study of true democracy cultivates greater appreciation of the spirit and efforts displayed by the builders of our America.

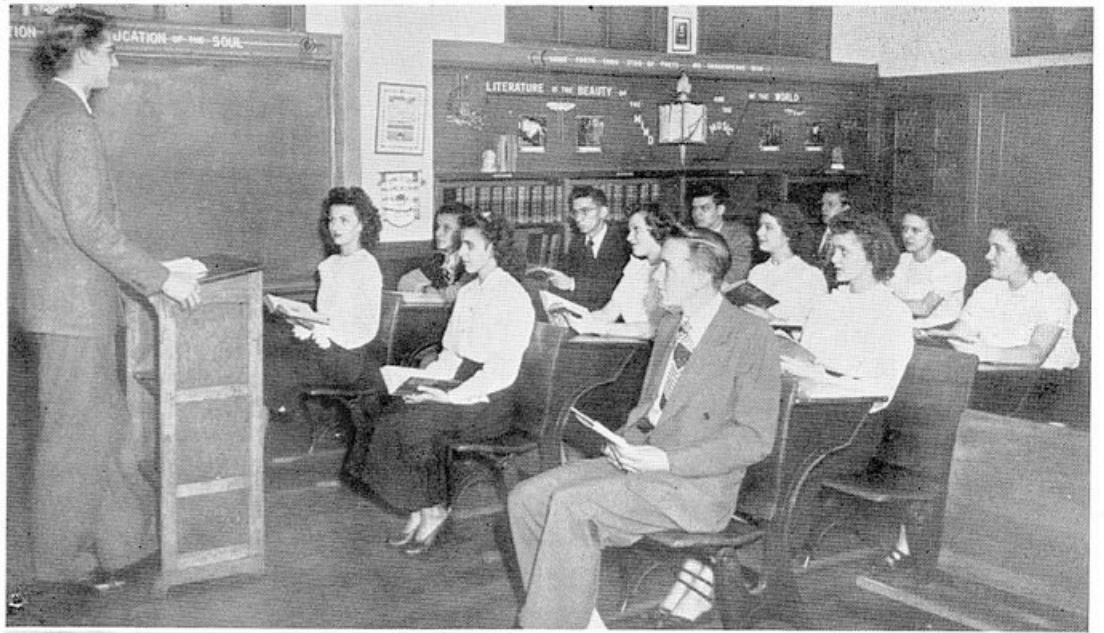

— + —

The "quod's and quid's", tenses, baffling rules, and frequent exceptions no longer frighten the Freshmen in their study of Latin.

Trend

Shakespeare's well-known tragedy, "Macbeth", brings the Senior English Class in a deep discussion of its value.

- + -

Literature as well as grammar is embodied in the teaching of the Polish language.

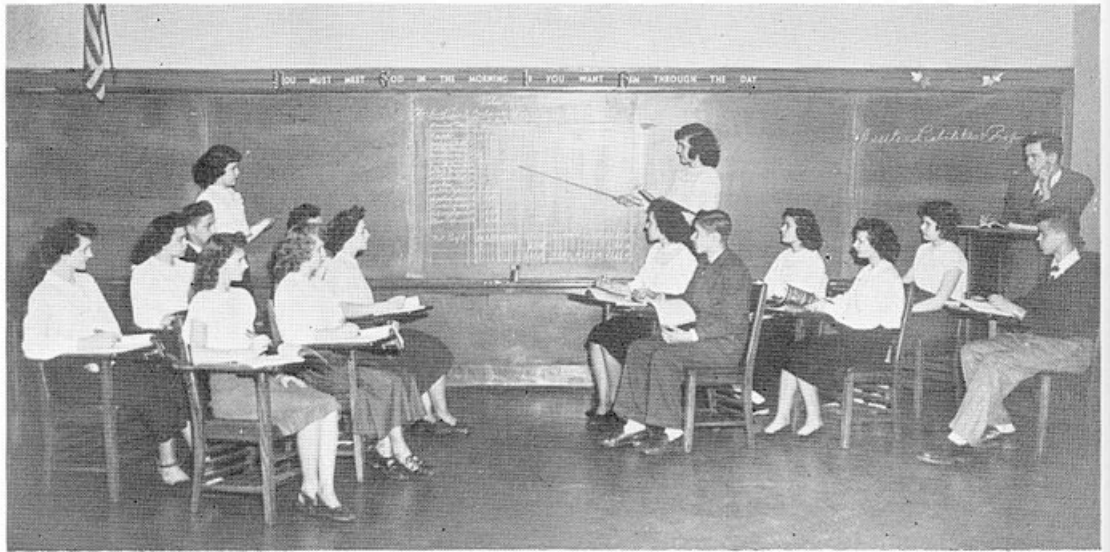

- + -

A course in Physics enlightens the Seniors, our modern imitators of Einstein, in the phenomena of inanimate matter.

Bookkeeping complement of the commercial course, acquaints the Sophomores with the fundamentals of practical economy.

An eager group of Senior typists strive to reach their cherished goal of speed and accuracy.

- + -

Though Shorthand is not a dramatic subject, "characters" alone play the essential role.

Future drafties at work.

An excellent harmony of melodious voices is developed in the high school Glee Club.

- + -

The wonders of Science are delved by the curious Freshmen, who learn the basis of scientific research.

Among

Under the skillful direction of the library staff students are guided in their choice of literature and research.

An active organization, which upholds the principals of parliamentary procedure, is the Student Council.

The untiring efforts of the boys to give respect and homage to the Holy Name of Christ can truly be recognized in their wholehearted participation in all activities of the Holy Name Society.

Our Ideals

The publication room is a scene of great interest as the Casmirette Staff prepares an issue of the school paper.

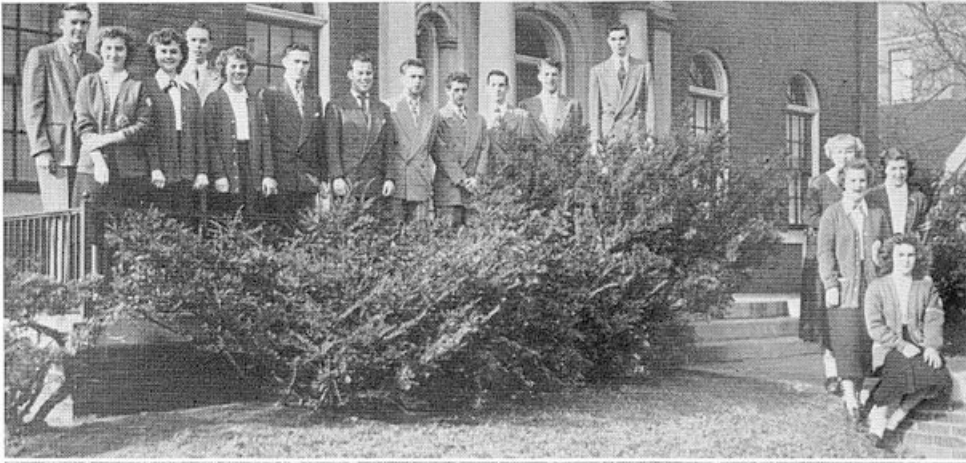

Under the guiding protection of Mary the Sodality members participate in their monthly meetings and annual affairs.

A check-up under the able supervision of the school nurse keeps the Students in perfect health.

Moments of

The Entertainment Committee displays a smile of triumph on the success of their first dance.

— + —

The activities of our high school program would not be complete without the renditions of our school orchestra.

— + —

We are proud to present the Rhythm Aces, composed of the high school members, whose timely music enchants our dances.

— + —

Dancing plays an essential role in the formation of new acquaintances and entertainment of the students.

Pleasure

It is with great anticipation that the student body greets the annual "J-Hop" sponsored by the Juniors.

— + —

Glee Club honors Pastor on his feast day.

— + —

Lower right—During the noon intermission, bowling, a well-known sport, proves to be an excellent pastime for the Senior girls.

Lower left—The Student Council officers are elected by the students according to the principles of democracy.

PROM
|||

On a beautiful evening scented with the flowers of May and midst the rustle of swaying gowns, the Seniors are enraptured by the enchanting strains of the Senior Prom.

|||
Elated by the sweet music of Eddie Casper and the beautiful atmosphere of the Whittier Hotel, an occasion of unforgettable joy was woven into the hearts and memories of those who are about to enter the threshold of the future.

Senior Play

"Lena Rivers," a modern three-act Comedy-Drama, deals with the plight of young Lena Rivers and her beloved Granny Nichols. Lena and her Grand mother are subject to the sort of treatment that is usually allotted

to poor relations. In the last act fate steps in and proves our heroine's, Lena Rivers, sterling character and the denouement at the end of the play is startling indeed.

"Nimble fingers upon the keys; a pianist the future sees."

After many years of continuous study and hard work we find ourselves on the threshold of life. Yet, it is with inevitable regret that our school life has passed so quickly. For twelve long years we have prepared to face the future with a feeling of security and courage. Now we are ready to begin. The adventure, that is life, lies open before us. The goal that awaits us need only be attained by each and every prospective graduate.

Thus, it is with heavy hearts that we say: "Farewell, dear Alma Mater!" Through your guidance, help, and inspiration we exhibit no fear in venturing into the world. With the knowledge you have imparted to us we shall reach our destination in the realm of life most appropriate to us. Wherever we may be, the spirit of ST. CASIMIR HIGH SCHOOL and the beautiful memories of our dear Alma Mater will always remain an integral part of us forever.

GAS is best

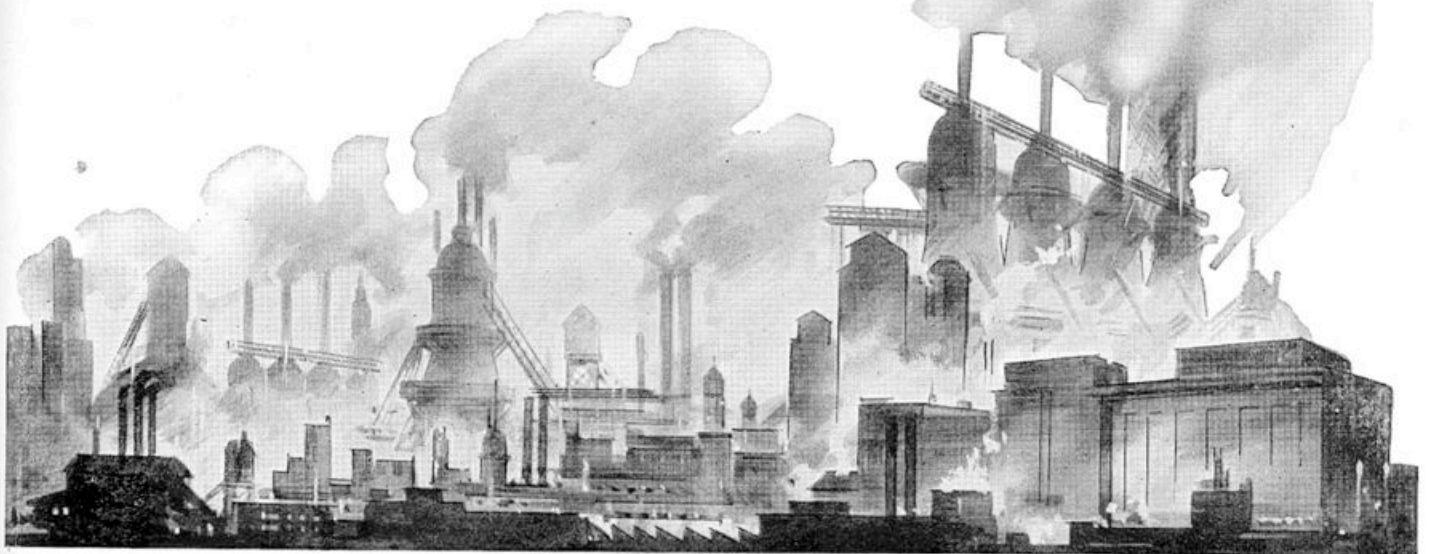

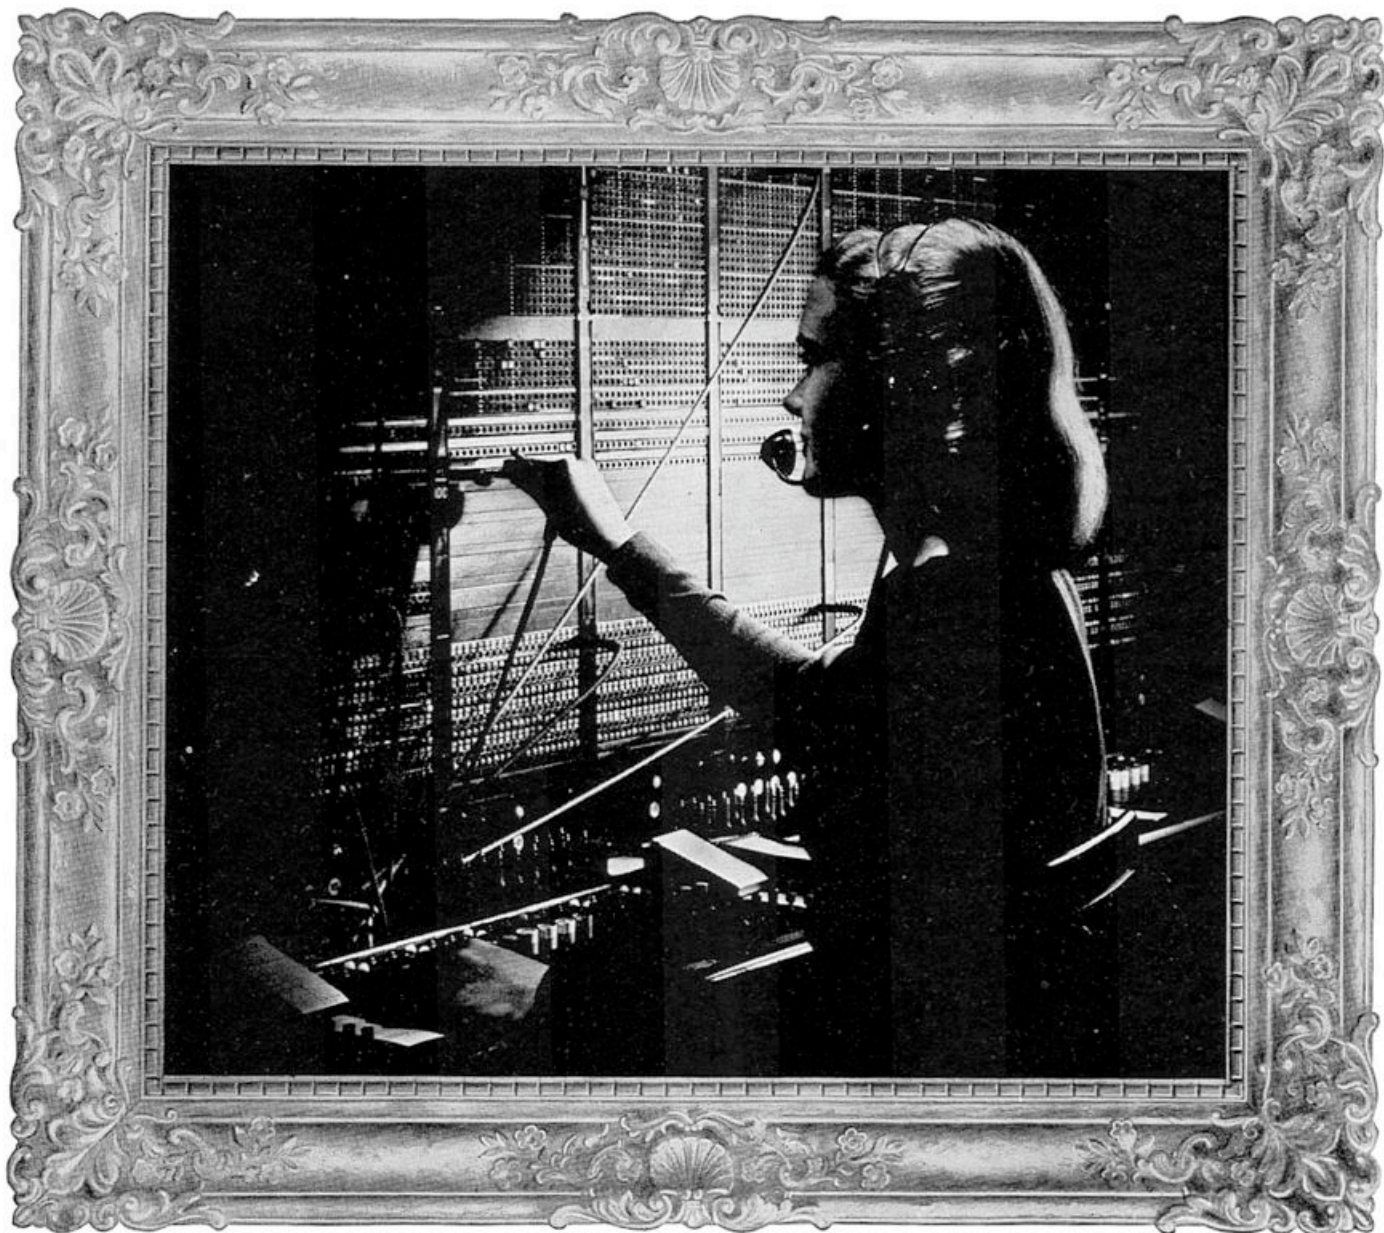

BUSIER and BUSIER...

Industry is busier than ever before, and so are we at Detroit Edison. Each week more homes and shops are going up . . . farms are modernizing. All are using more and more electricity. This growing business and industrial activity means greater opportunities for trained people.

We congratulate the class of '49 and look to you, the graduate today, for leadership tomorrow.

THE DETROIT EDISON COMPANY

PICTURE OF A HIGH SCHOOL GRADUATE

SHE'S one of thousands of high school graduates who feel that the telephone business is a worthwhile work . . . worthwhile for the people engaged in it . . . worthwhile for the entire community.

Like most Michigan Bell women, she entered the business with girls her own age . . . learned by doing . . . was well paid while learning . . . gets regular pay increases . . . looks ahead to continued opportunities for advancement . . . enjoys vacations with pay.

The girl in the picture is an operator . . . but there are many other types of jobs at Michigan Bell . . . and they're all important, too . . . because we're like a team and everyone has a necessary part to play.

Employment opportunities at Michigan Bell vary from time to time . . . from city to city . . . but one thing about it . . . we're glad to talk with girl graduates . . . always . . . anywhere.
